RELIGIOUS FREEDOM

In South American Republics and the Vatican.

METHODIST MINISTERS' APPEAL

To the Pope Receives the Encouragement of Justin McCarthy and Others—Algernon Charles Swinburne and Historian Lecky Have Little Faith that the Pope Will Hear the Petition in Behalf of Protestants.

CHICAGO, Sept. 23.—The Methodist ministers of Chicago, who have undertaken to secure, through the pope, greater religious freedom for the Protestants of Ecuador, Peru and Bolivia, have, in response to circular letters, received encouragement from Justin McCarthy, Augustus Charles Swinburne and the historian, W. E. H. Lecky. The letters are as follows:

"73 RAYON TERRACE,
LONDON, S. W., ENGLAND.
"DEAR SIR:—I have read your letter, just received, with great interest. I feel no doubt whatever that the influence of the pope will be exercised in securing for Protestants in the South American republics the same liberty of conscience that is enjoyed by Roman Catholic citizens of your country. I need hardly say that your purpose has my fullest and most cordial sympathy. I thank you much for your kind words with regard to myself and my writing.
"Very truly yours,
"JUSTIN MCCARTHY."

"THE PINES, PUTNEY HALL,
LONDON, S. W., ENGLAND.
"DEAR SIR:—I am no less honored than gratified by your expressed wish for my opinion on so practically grave a question as that on which you ask for it. I can only say that it seems to me a wanton waste of time to apply directly or indirectly to cardinal or to pope for any relaxation or modification of the most monstrous claims ever put forward by the church. Force, and force alone, could obtain even a shadow of justice, decency or fair play from the ministers and agents of a religion which has never yielded one jot of its pretensions except under sheer compulsion or absolute necessity.
"Yours most sincerely,
"ALGERNON CHARLES SWINBURNE."

"VOSSEBEEK, GUILDERLAND.
"DEAR SIR:—I wish you all success in your efforts to obtain a repeal of the gross, intolerant law about Protestant marriages which exist in some of the South American states, but I shall be much surprised if you obtain any real help from the Vatican. Such laws were once general in Roman Catholic countries. They were always inspired or suggested by the priests, and they were only abolished when the political power of the church was restricted or overthrown.
"Yours faithfully,
"W. E. H. LECKY."

TURKISH TOBACCO.

The Industry Turned Out to an English Company by the Government.

WASHINGTON, Sept. 23.—In a report to the department of state Consul Hammond states that the Turkish government has farmed for a large sum of money the monopoly of the tobacco trade in Turkey to an English company. The body of Mr. Hammond's report is devoted to the tobacco industry of Hungary, where the government takes entire control of the business of tobacco growing. Mr. Hammond says that while there was an increase in the production amounting to about 50 per cent from 1883 to 1893, the increase has not continued for the past two years, showing that the production has probably reached a culminating point. Remarkable upon the system Mr. Hammond says:

"The Hungarian government has complete control amounting to a government monopoly of tobacco. A private person cannot for his own use raise an ounce of tobacco but that it must be turned over to the government, the latter granting the privilege of raising the same."

HERE'S A CHANCE

For Some Enterprising and Ambitious Young American.

SAN JOSE, CAL., Sept. 23.—Hip Sing Lee, a wealthy Chinese merchant of this city, offers a half interest in his extensive merchandise business and \$5,000 in cash to any reputable young American, who will marry his daughter, Moi Lee.

Hip Sing Lee is the wealthiest Chinese in this valley and his fortune is estimated at from \$50,000 to \$100,000. He conducts a general merchandise store, with a lottery game on the side, in this city and has a branch store in Watsonville, Santa Cruz and Salina. Lee has become thoroughly Americanized, and as he is getting old it is his wish to see his daughter happily married to some good American who will look after and care for his business and wealth. Lee's wife died about a year ago, and as several attempts have been made to kidnap Moi, he is afraid that if Moi does not marry soon the high-binders may succeed in abducting her.

THE CONSULAR SERVICE

Placed in Part Under the Civil Service Law—Applicants Must be Examined.

WASHINGTON, Sept. 23.—The President, by an executive order issued today, but dated September 23, has extended the civil service system in a modified form to all consular officers whose compensation directly and through fees ranges from \$1,000 to \$2,500. This will include about one-half of the total number of consuls, who receive more than \$1,000. This change has been gained by reviving in substance an old order of 1873. Vacancies in the service will be filled hereafter by transfer or promotion, by appointment of qualified persons formerly in the employ of the state department and by appointment of persons selected by the President after passing a non-compulsive examination.

Besides the 200 accredited delegates there are about 200 visiting members. The entire body attended mass today. The convention will adopt by-laws, attend to routine business and discuss insurance matters. Among the prominent ones present are Judge Rivers, grand president, Kentucky; Thomas Case, Memphis, Tenn.; and Robert Keyer, grand secretary, also of Memphis.

WHISKY AND CARDS

At the Bloomfield Tunnel on Par-Day the Cause of Many Rows and a Probable Murder.

Special Dispatch to the Intelligencer.

STEUBENVILLE, O., Sept. 23.—Saturday was par day at the tunnel at Bloomfield, in which the Panhandle is widening this county, and several bloody rows cropped out of the gambling that was in progress. A colored man named Dickinson was slashed across the face by another negro and Dickinson's throat would have been cut had not another one of the party persuaded him to desist at the muzzle of a revolver. This row started over a game of cards. Another which may end in murder grew out of a game of craps. A colored man named Mosby was struck with a rock thrown by another named Carter. The former pulled a gun and a running fusillade followed with Carter in the lead. One ball struck Carter as he was getting over a fence around James Brown's house, and another hit him as he fell exhausted in the door of the Brown house. Mosby fled and was caught later on two miles away lying on a bank near a creek in a drunken stupor with his revolver lying near by. The wounded men were taken to Unionport. Mrs. Brown, who is in a delicate way, fainted while the shooting was going on and is seriously ill.

Fully 200 pint flasks of contraband liquor was sold at the tunnel on Saturday and the grand jury will look into the matter. Murders are looked for at the tunnel, as three freshly dressed city men have been on hands each pay day and skinned the workmen out of their money and the floored men are swearing vengeance if they come back again. Residents of that section report fully fifty fights yesterday.

DEATH TO INVADERS.

It will be impossible for a hostile fleet to enter the Golden Gate.

SAN FRANCISCO, Sept. 23.—The United States government is now able to blow out of the water at a day's notice a whole hostile fleet that might attempt to enter the Golden Gate. The battery of the big pneumatic dynamite guns ordered for the defense of this port a year or more ago has been advanced so far toward completion that two of the guns could be effectively fired with only twenty-four hours' preparation. The two guns now set up will be actually fired during the contractors' preliminary tests within ten days, and it is expected that within six weeks some old hulks will have been blown to splinters in official tests and the battery will have been turned over to the government.

Wants Troops at Once.

NASHVILLE, TENN., Sept. 23.—The sheriff of Sevier county has called on Governor Turney for troops to aid him in securing a trial of men charged with the whitecapping and outrageously treating white women by thrashing them and driving them from their homes. A trial was attempted to be held before a justice of the peace, but a mob prevented it and the sheriff was unable to quell the mob. Governor Turney has not returned from the Chickamauga dedication and what he will do is not known.

CONSTANTINOPLE, Sept. 23.—Great precautions have been adopted for the protection of the palace of the sublime porte, owing to the discovery of a Macedonian plot to blow up the buildings with dynamite.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
